

## Prime Time Committee Meeting 10.22.2025

Attendees: Bethany Sorenson, Wendy Call, Markea Funk, Connie Goeckeritz, Brenda, Heidi Smith, Jan Vincent

### Recap of last luncheon (Alpine Days):

All seemed to go smoothly and the West Stake did a great job. The only note was that the stake was mistakenly given an estimated attendance number of 350. Although Alpine Days draws a slightly larger crowd, 250 (300 at most) is a better estimate for the future.

Future Plans/Senior Center:

The group discussed how the future senior center will be great but may change how this event occurs. It will also open up possibilities of other activities, etc.

Bethany pointed out that we might need to split the event into 2 sessions due to space limitations. Also, that the city has not budgeted for a focused director for the center so we may need to spend time optimizing the use of the space.

All agreed but since the center is a future consideration, we will focus on the present for now.

Next meeting:

Before the Spring Luncheon unless needed.
